Okay, thanks Scott! I think we might go with the 20th, just to give South Coast an extra day to get some information to us because we haven't received anything just yet. If we don't get any materials from them in time, we will likely cancel again. I know they are very busy with other things, I'm just trying to keep us moving as best we can.

Hi Ashley,
The 19th will work better than the 20th but both days we will be squeezed between other meetings so we might have to leave the meeting a little early.

Hi Scott,

I'm trying to reschedule our SCAQMD-CARB-EPA call on the 2012 PM2.5 moderate area plan. Next Wed 6/19 1-2pm or Thurs 6/20 1-2pm work for EPA and SCAQMD. Do either of those times happen to work for CARB?

Thanks!
